Romeo and Juliet at The Derngate Theatre **NPAT Production**

Children from both sites performed at The Derngate theatre two weeks ago - we have just had the official photographs sent to us which have been uploaded on-to the school blog for you to see. There are some very dramatic poses!

Termly Learning Conferences

Thank you to everyone for the great attendance at Termly Learning Conferences this week. We will be publishing the results of the parent survey you filled in and next steps from this in the next newsletter. Overall we had 93% of parents attend. The children really look forward to showing you their work.

Romeo and Juliet **Silhouette Theatre Company**

Our Year five pupils from both sites had the opportunity to go and see the Silhouette Theatre Company perform Romeo and Juliet this week. Some of the performers are past pupils and some have gone on to perform at the Royal Shakespeare Company. The performance was linked to the rise in knife crime and sponsored by the County Council to bring a powerful message to pupils about the dangers of carrying knives and that knife crime must stop.

Science Activities

Some of our pupils became scientists for the day and demonstrated activities to other pupils. The children experimented with plaster, ice balloons and salt, sound vibration activities and electrical current. The children presented this activity on the Ecton Brook site this term and we will do the same activity at Bellinge next term.

Happy Easter

We wish you a Happy Easter - we return to school on **Wednesday 24th April**
