## Family Support Workers

Our aim is to work with you to ensure that all children enjoy school, are happy and feel safe.

## What does a Family Support Worker do?

We are here to support children and families. We can offer a listening ear and if we cannot offer the support you need we can provide you with information about other agencies who may be able to help.

If you would like to speak with one of us you can usually find one of us outside the school each morning or you can make an appointment at the school office or ring us directly.
